

TraneTruSense® Refrigerant Monitor

Model RMWH

Building Services

Mechanical Equipment Room Gas Monitoring

ASHRAE® 15 Compliant

ASHRAE 15 states:

“Each machinery room shall contain a detector located where a refrigerant leak would concentrate.

The detector shall trigger an audible and visual alarm both inside and outside the mechanical room and activate mechanical ventilation.”

Connectivity

- Seamless integration to Building Automation Systems with native Bacnet and Modbus®
- Beyond this monitor, Trane offers a complete controls portfolio that enables you to operate your buildings for your business needs balanced with peak energy efficiency

Reliability

- Internal diagnostics for sensor, pump and flow
- Minimizes false alarms while maintaining mechanical room safety
- Industry leading 3 Year Standard Warranty with extended warranty options available

Sensitivity

- Photoacoustic Infrared sensing technology provides continuous monitoring down to 1 ppm
- Stable through temperature and humidity fluctuations

Versatility

- Standard refrigerant library, including next generation low-GWP refrigerants
- Field-selectable to monitor up to 6 different refrigerants
- Ready for future equipment and refrigerant changes

True Safety Monitoring Always
Trane TruSense®

All New User Interface

Included Services

Password Protected

Original password protection can be enabled or disabled

Multi-Lingual User Interface

Full-text display translated into 6 different languages

Tech-Friendly Diagnostic Log

Designed for technicians to make important troubleshooting data easily accessible

Simplified Calibration

Designated calibration port and one-touch calibration mode takes the guess work out of maintaining your monitor

Highly visible 7" touch screen interface

Visible status of refrigerant sampling (Green Highlight)

Easily access to calibration mode, event log, settings and diagnostics

Green LED Operation Indicator for Power ON

One contact, one company, many solutions.

Technology, performance and support available only from Trane.
